Objectives

- Assess where you are in the planning process and ***create a strategy***.
- Identify the ***human resources*** in your life—and know how to utilize them to build a support system!
- Learn about the different federal, state, and school-based ***financial resources*** available to you.
- Learn the process of ***determining financial need***
- Identify ***scholarship resources*** and understand how to implement a successful scholarship search.
- Determine ***eligibility*** for The Scholarship Foundation's interest-free, fee-free loans.

Objective 1: Get Ready

Know where you are and create a plan of action.

- Determine where **YOU** are in the college planning process. *Remember, all students must take similar steps, but there is uniqueness to your individual path.*
- Define how much time you realistically have to get started and set a comfortable and realistic pace. *Consider college admissions deadlines, priority scholarship deadlines, and financial aid matters. Do not wait until the last minute to either do your research or apply.*
- Reduce anxiety and identify areas where you may need more assistance or guidance. *This is a stressful process; be proactive and make a calendar of your tasks and deadlines. Use your resources.*
- Outline a strategic approach or a plan of action; know the concrete steps necessary to reach your goal. *Having a strategy prevents confusion, makes the process easier, and will (hopefully) ensure you do not miss deadlines!*
- Find a starting point. *You must start somewhere. Getting started will help make this easier!*
- Create back-up plans; things don't always work out. Having a back-up plan (or two, or three!) in place early is **smart!** *Always apply to a range of schools, plan to compare financial aid offers, and have back-up plans in case your first choice doesn't work out.*

Objective 2: Build your support system. Identify people to help and support you!

These people can be your **human resources**! Reach out for their support—they can help you navigate the path, answer questions, provide recommendations/letters of reference, listen to your concerns, and assist you with staying on track. Communicate with them!

Build a support network!

Objective 3: Understand Financial Resources!

Objective 3: Understand Financial Resources!

What is the FAFSA?

The FAFSA is the **Free Application for Federal Student Aid!**

- It is **free**—always complete at <https://studentaid.gov/h/apply-for-aid/fafsa>!
- Students **must complete** to be considered for *all* federal aid, most state aid, and many school-based awards.
- The FAFSA for 2023-2024 will be available on **October 1st, 2022!**
- Students must create a Federal Student Aid (FSA) ID. The FSA ID consists of a **Username and Password**, which will be used to log into the FAFSA. FSA IDs are created at: <https://studentaid.gov/fsa-id/sign-in/landing> (**See pages 17-18 for more info!**)
- Students can immediately use the IRS Data Retrieval Tool (DRT), which transfers processed tax information from the IRS into the FAFSA. Students are strongly advised to use IRS DRT when filing their FAFSA. The FAFSA for 2023-24 will use **2021 tax information**.
- The FAFSA calculates your **Expected Family Contribution**, or EFC. This number is two things. It is a dollar amount that the Department of Education calculates a family can “reasonably” afford for one academic year; in addition, it is used to determine eligibility for various federal and state financial aid.
- There is lots of **free help and support** for completing your FAFSA!
 - Live help online at <https://studentaid.gov/h/apply-for-aid/fafsa> or call 1.800.433.3243.
 - **FAFSA Frenzy!** Find sites, dates, and times at: <https://dhewd.mo.gov>
 - **The Scholarship Foundation can help you complete the FAFSA!** Call 314.725.7990 or email info@sfstl.org to make an appointment.

¹ \$0-\$7K EFCs receive state appropriated maximum. EFCs \$9,001-\$12K state appropriated minimum. EFCs between \$7,001-\$9K may vary. This award structure has been in place since Access Missouri's beginning, but funds are not always sufficient to tier award amounts between the maximum and minimum.

³ Interest on this loan is recalculated and adjusted each year on July 1st; the interest rate is not to exceed 8.25%. Rate is set based on 10-year Treasury note +2.05% for this loan.

⁴ Interest on this loan is recalculated and adjusted each year on July 1st; the interest rate is not to exceed 10.5%. Rate is set based on 10-year Treasury note +4.60% for this loan.

Objective 4: Determining Financial Need

Cost of Attendance (COA)

*(Cost of Attendance is the total cost of attending a particular college for one year. COA includes **direct costs** (paid directly to school) such as tuition, fees, room and board, as well as **indirect costs** (expected expenses not paid to school) including transportation, off campus living expenses, personal expenses, and books and supplies.)*

-EFC

(The Expected Family Contribution, or EFC, is an indicator of a student and family's ability to pay for the student's cost of attendance. This number is calculated by completing the FAFSA. It is the primary factor that determines need-based aid eligibility, such as Pell grant. This amount is an out-of-pocket expense.)

= NEED

-GRANT AID

(This is can be in the form of federal, state, institutional or private sources.)

= **UNMET NEED**

(LOANS!)*

**Paid out of pocket in addition to EFC!*

Objective 4: Determining Financial Need

How much will I need?

\$29,100

Cost of Attendance

- Tuition, fees, books, supplies, and living expenses

\$4,416

Expected Family Contribution (EFC)

- Amount determined by FAFSA (it can be modified for special circumstances).

\$12,284

Grants

- Aid awarded from all sources that does not have to be repaid. This includes Pell Grant, Access Missouri, and outside scholarships (found on award letter).

\$12,400

Unmet Need

Amount remaining to fulfill cost of education. This amount is usually met by borrowing from federal or private loans. *THIS IS AN OUT-OF-POCKET EXPENSE.*

How do I fill the gap?

Undergraduate students may be eligible for Stafford Loans, which may be a mix of subsidized *and* unsubsidized loans. The following chart outlines how much in total a student is eligible for by grade level and the maximum of that amount that may be subsidized. The remaining amount offered to a student would be unsubsidized.⁵

Grade Level <i>Determined by credit hours earned.</i>	Maximum Stafford Loan Eligibility- Dependent Student	Maximum Stafford Loan Eligibility- Independent Student⁶	Maximum Subsidized Stafford Loan Eligibility
First-Year College Student	\$5,500	\$9,500	\$3,500
Sophomore	\$6,500	\$10,500	\$4,500
Junior	\$7,500	\$12,500	\$5,500
Senior	\$7,500	\$12,500	\$5,500

As an undergraduate, students may borrow a total amount of loans⁷ in aggregate:

Dependent Students May borrow a total of \$31,000 in Stafford loans, <i>of which a maximum of \$23,000 may be subsidized.</i>
Independent Students May borrow a total of \$57,500 in Stafford loans, <i>of which a maximum of \$23,000 may be subsidized.</i>

A dependent student is required to provide parent information on the FAFSA, while an independent student is not.

Independent students are

- 24 years of age,
- married,
- working on a graduate degree, after completing a bachelor's degree,
- providing more than 50% of the financial support for a child of their own or another dependent,
- a veteran or on active duty,
- in court-ordered legal guardianship,
- an emancipated minor,
- in foster care or a ward of the court or state, **or**
- homeless or unaccompanied and at risk of being homeless

⁵ To read more about subsidized and unsubsidized loans, please visit: <https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized>.

⁶ Dependent students, whose parent goes through the credit check for the Parent Loan for Undergraduate Students and are denied, are eligible for the independent student borrowing limits.

⁷ Once a student borrows a loan, the interest rate is fixed for the life of the loan. However, each year a student is offered a new loan, with a new interest rate. Interest rates are adjusted annually, beginning on July 1, and oftentimes announced in May. See footnotes on page 7 for more detail.

Get organized!

- Keep everything together! This includes:
 - College Applications
 - Financial aid forms
 - Student and parent taxes (NOTE: IRS Tax Transcript)⁸
 - Students must create a Federal Student Aid (FSA) ID. The FSA ID consists of a **Username and Password**, which will be used to log into the FAFSA.
FSA IDs are created at: <https://studentaid.gov/fsa-id/sign-in/landing>.
 - FAFSA Submission Confirmation
 - Student Aid Report (SAR): Can be found at fafsa.gov⁹
 - ALL communication from schools where student applies
- Try an accordion file folder.
 - Keep each school separate.
 - Keep copies of ALL paperwork:
 - Applications
 - Verification forms
 - Deposits/agreements, etc.
- Keep a calendar with all important deadlines. You don't want to miss any of the following:
 - Admissions deadlines
 - Scholarship deadlines
 - Priority deadlines for the FAFSA¹⁰
 - Financial aid appeal deadlines¹¹
 - Payment plan deadlines

⁸ For verification purposes, schools may request an IRS Tax Transcript. You are strongly advised to secure a copy from the IRS so that you have one on hand if you are selected for verification. Call 1.800.908.9946 or visit www.irs.gov. If you do not file or will not file, you may still need a non-tax filer form, which can also be secured from the IRS.

⁹ If you are unable to access the Student Aid Report (SAR), try disabling the pop-up blocker on your browser.

¹⁰ You may always file a FAFSA but be aware that most colleges and states (including Missouri!) have priority deadlines for FAFSA if you want to be considered for aid. Check with individual schools!

¹¹ You have the right to appeal your financial aid from a school—either for financial or competitive reasons!

Objective 5: Implementing a Successful Scholarship Search

Start with your college or university first! Make sure you check with schools regarding their scholarship process:

- Are you considered for scholarships when you apply for admissions? *What is the deadline?*
- Is there a separate scholarship application? *What is the deadline?*
- Some schools offer scholarships both ways—do your research!

Research **local opportunities** first!

- Visit myscholarshipcentral.org to search for St. Louis-area and Missouri opportunities:
 - *Scholarship Central* is a common application, which allows you to apply for multiple opportunities in one place!
 - *External Opportunities* are scholarships linked through the website and include all pertinent information, although they cannot be applied to via Scholarship Central.
- Check with your school counselor for opportunities through your school and community. If you haven't already:
 - Make an appointment with your *school or college counselor*.
 - Check your *school counselor's website* for any posted opportunities.
 - Visit the *school counselor's office*—most offices have a bulletin board or scholarship area. Check it out!

There are **national opportunities** too!

- First, never, ever pay for a scholarship search!
- Consider these two things:
 - Is it **renewable**?
 - Is it **portable**? (i.e., Can you take it from one school to another if you transfer?)
- Visit fastweb.com, scholarships.com, or bigfuture.collegeboard.org/scholarship-search to start searching today!

Helpful Hints: Tips on applying to college and navigating the financial aid process!

Apply early! It is a great idea to have applications in early! Many priority deadlines are in November and early December. Having applications in early helps to reduce stress! It may also place you in line early for financial aid. It also allows for additional time in the decision-making process.

Apply to more than one school! Give yourself options! Apply to a variety of schools! (HINT: This can even be helpful when appealing for additional financial aid from a school.)

Don't rule out private schools. Yes, they are expensive. While we are not telling you that you must or should apply to a private school, don't rule them out immediately. If there is one that interests you, apply! Until you apply and receive financial aid packages you will not know which school will really be the most affordable. *Note: Some selective schools may require the CSS Profile, which is another financial aid form.*

If necessary, appeal early! Investigate the financial aid appeals process or a professional judgment review at your possible school(s)! It is possible to appeal a financial aid package. It is important to contact your school ASAP if you are worried about getting your parents' information for the FAFSA or think you have a unique situation.

Know your personal loan/debt limit! Do research on loan terms, interest rates, annual and aggregate loan amounts so that you ensure you are borrowing the loans with the best possible terms. In addition, consider your area of study and school choice—what is your income potential when you graduate and what will be your student loan monthly payments.

Objective 6: Scholarship Foundation Eligibility Requirements—Interest-Free, Fee-Free Student Loans & Grants

Students demonstrating **financial need**, **academic promise** (a 2.0 cumulative G.P.A. on a 4.0 scale), and **strong character** are eligible for consideration for an interest-free loan.

Students must be **permanent residents** of the St. Louis area (more than 2 years) or graduate from a St. Louis area high school.

Students can attend any school in the country, as long as it is **accredited** and **nonprofit**. *Scholarship Foundation does not fund for-profit schools, which are institutions operated by private, profit-seeking businesses.*

The Scholarship Foundation's deadline is **April 15th** and students are considered for full-academic year funding.

All funds are **renewable**, provided that students continue to meet requirements.

Students may receive a **conditional denial for too much need**. This letter is sent to applicants for whom there are concerns about significant debt. When reviewing applications and making awards, The Scholarship Foundation expects a student will borrow no more than \$11,000 per year and that this debt will be covered entirely by an interest-free, fee-free loan from The Scholarship Foundation. Students who receive this letter can appeal if they are able to secure additional grant or scholarship aid; have other resources available to help reduce costs; or are willing to consider a school that is more affordable to **minimize debt burden**.

Federal Student Aid (FSA) ID

Federal Student Aid IDs (FSA ID) are a username and password, created by the individual student and/or parent. FSA IDs are used to sign the Free Application for Federal Student Aid (FAFSA) and, as a result, are a crucial part of the FAFSA-completion process. All FAFSA-filers are required to create an FSA ID; if the student is dependent, a parent is strongly advised to create one as well. Here are a few recommendations regarding the FSA IDs.

- Create an FSA ID at <https://studentaid.gov/fsa-id/sign-in/landing>.
- FSA IDs are linked to the user's Social Security Number. *Please double check that the name, birthdate, and SSN used on the FSA ID application match what is listed on your Social Security card.*
- Users are **required** to link an email address to their FSA ID; a second step in this process is verifying the email address by entering a secure code that has been sent to the email address listed on the application. **The FSA ID is not finalized until the email address has been verified.** Remember:
 - 1. A *verified* email address can be used interchangeably with the username, offering greater flexibility.
 - 2. If the username and/or password are forgotten, a user may send a secure code to their *verified* email, which allows for easier retrieval and/or reset.
- Users may also link a cell phone number to their FSA ID; again, a second step in this process is verifying the cell phone number by entering a secure code that has been sent by text message to the cell number listed. Doing so is strongly encouraged for two reasons:
 - 1. A *verified* cell phone number can be used interchangeably with the username, offering greater flexibility.
 - 2. If the username and/or password are forgotten, a user may send a secure code to their *verified* cell phone number, which allows for easier retrieval and/or reset.
- Show text when answering challenge questions to ensure they are typed as intended.
- Write everything down and save in a safe, secure spot.

Although it is understandable the many reasons why students create parent FSA IDs (and vice versa), it is advisable to avoid this unless absolutely necessary. When it is necessary, one suggestion is to use the same password for both accounts, to minimize what detail needs to be remembered.
